

The economical, entry-level cart that slashes wasted motion and pays for itself in no time

The entry-level EcoCart mobile powered workstation is designed to provide true mobility within a facility, while eliminating unnecessary movement, touches and transportation wastes. This can result in improved dock to stock cycle times in receiving and on-time shipments in your shipping areas.

This lightweight, compact unit is ideal for powering a laptop, barcode printer and scanner for 8+ hours at time.

Outstanding benefits

- › Reduce labor by as much as \$10K per worker
- › Increase receipts by as much as 60%
- › Reduce improperly labeled products
- › Reduce inaccurate inventories
- › Process goods directly at the pallet or on the dock
- › See your ROI in less than three months
